PLAYER OFFER PACKET

U11 - U15

DOB: August 1st, 2011 to July 31st, 2016

WELCOME to the Select 2026-2027 Season!

You've been selected to join Aledo Soccer Club's Select Team for the 2026–2027 season, and we couldn't be more excited to welcome you on this journey as you grow with the club and the game.

The ASC Select Program is a competitive program for boys and girls ages 11 to 16 (birth years August 1st 2011 through July 31st 2016). It's built for players who are serious about competing at a high level — developing their technical ability, tactical understanding, and winning mentality in a demanding and structured environment. Select is where commitment meets opportunity, and where players are pushed to reach their full potential as soccer players and competitors.

Players train twice per week with position-specific session plans led by our experienced coaching staff, focusing on individual technical development, team shape, and game intelligence. Throughout the season, players will compete in the API League, representing Aledo Soccer Club against other competitive clubs across the region. The focus is on winning the right way — building technically sound, tactically aware players who compete with intensity, represent the club with pride, and develop the habits and mindset required to perform at the highest levels of the game.
